CALIFORNIA, INC.'S JOINT PETITION FOR THE  
ESTABLISHMENT OF AN UNDERGROUND  
CONVERSION SERVICE AREA.

**PROCEDURAL ORDER**

**BY THE COMMISSION:**

On November 26, 2007, Arizona Public Service Company ("APS") and Verizon California, Inc. ("Verizon") filed with the Arizona Corporation Commission ("Commission") a joint petition to establish an underground conversion service area ("UCSA") pursuant to Arizona Revised Statutes ("A.R.S.") § 40-343(B) ("joint petition"). The geographic area to which the joint petition pertains ("Hillcrest Bay") is described in the joint petition as follows:

Hillcrest Bay Mobile Manor, a Subdivision of SE¼ SE¼ Section 14, T11N, R18W G&SRB&M, excluding Tract C & Lot #1, (that are located across the highway), La Paz County, Arizona.

On January 18, 2008, a full evidentiary hearing was held in this matter at the Commission's offices in Phoenix, Arizona. Commissioner Kristin K. Mayes attended a portion of the hearing and participated in the examination of several witnesses. APS, Verizon, and the Commission's Utilities Division ("Staff") appeared through counsel and presented evidence and testimony. Seven Hillcrest Bay property owners were sworn and provided testimony, with one of them, Carlson Loftis, also requesting to participate as a party and participating in cross-examination of APS, Verizon, and Staff witnesses.

On May 16, 2008, a Recommended Opinion and Order ("ROO") was issued for Commission consideration.<sup>1</sup> The ROO was placed on the Open Meeting agenda for July 1 and 2, 2008. Timely exceptions to the ROO were filed by three Hillcrest Bay property owners ("owners"). Nine late

<sup>1</sup> For additional procedural history, please see the ROO.

1 exceptions/comments were also filed by owners. Commissioner Mayes and Commissioner Jeff  
2 Hatch-Miller each filed a proposed amendment to the ROO.

3 At the Open Meeting on July 1, 2008, the Commission discussed the ROO at length and  
4 ultimately determined that the ROO should be pulled from the agenda without decision to allow the  
5 parties to file additional information in the docket going to the issue of the economic feasibility of the  
6 UCSA for the owners. The Commission directed the Hearing Division to issue a Procedural Order  
7 keeping the record in this matter open for 10 months to allow the parties to make the filings detailed  
8 in Hatch-Miller Proposed Amendment #1 and stating that the ROO would be placed back on an Open  
9 Meeting agenda after 10 months if the parties failed to make such filings.

10 On July 3, 2008, a Procedural Order was issued keeping the record in this matter open to  
11 allow for the creation of a more fully developed evidentiary record on the issue of economic  
12 feasibility for the owners and allowing APS, Verizon, and owners to file, by May 1, 2009,  
13 documentation going to the issue of economic feasibility of the UCSA for the owners. The  
14 Procedural Order established minimum requirements for any such filing made by the parties  
15 supporting the UCSA and stated that if additional filings contemplated by the Procedural Order were  
16 made by May 1, 2009, the Hearing Division would determine whether additional hearing is necessary  
17 in this matter.

18 On April 1, 2009, a Notice of Appearance was filed by attorneys hired to represent Hillcrest  
19 Bay, Inc. ("HBI"), one of the owners.

20 On May 1, 2009, APS filed an Economic Feasibility Update for the UCSA. In its Update,  
21 APS stated that it does not anticipate that the costs of the UCSA will decrease based upon labor and  
22 material costs associated with various projects performed in the Hillcrest Bay area and that APS will  
23 re-bid the UCSA project if the UCSA is approved, as the contractor that previously provided APS  
24 cost estimates for trenching no longer performs such work. APS also stated that, since the ROO was  
25 issued, 14 owners have filed letters requesting to change their votes to no due to changes in the  
26 economy, loss of jobs, or changed financial circumstances. Although APS did not take a position on  
27 the issue, APS stated that it is arguable that the Commission could consider those letters as  
28 withdrawals for purposes of determining the 60-percent approval requirement for the UCSA, if the

1 case were to go back to hearing to determine economic feasibility. APS also stated that the changes  
2 in circumstance for the 14 owners would be probative in the Commission's economic feasibility  
3 analysis.

4 Also on May 1, 2009, HBI filed Updated Documentation in Support of UCSA. In its filing,  
5 HBI states that it has created a financial assistance program to assist low-income owners through  
6 assistance to be provided by Tades, Inc. ("Tades"), the trenching contractor for the private costs  
7 portion of the UCSA work, and through a fund of more than \$28,000 provided by HBI and 19 owners  
8 who have pledged funds. HBI stated that the owners of Parcels 028, 120A, and 264 have been  
9 approved to receive free electrical connections from Tades;<sup>2</sup> that Tades will provide a 15% discount  
10 to all other low-income owners; and that HBI will reopen the financial assistance program upon  
11 approval of the UCSA, using the requirements of the original program, which required submission of  
12 financial documentation to a Certified Public Accountant ("CPA") retained by HBI to determine  
13 financial assistance eligibility.<sup>3</sup> HBI also provided two revised cost estimates,<sup>4</sup> the first of which  
14 shows an overall reduction in private costs of \$51,093, and the second of which shows an overall  
15 reduction of \$665,124, based upon an assumption that Tades will be permitted to do some of the  
16 work for which APS and Verizon previously provided public cost and service cost estimates. HBI  
17 did not indicate that either APS or Verizon has agreed to allow Tades to perform any of this work.  
18 The two revised cost estimates appear to include different categories of information, based upon their  
19 divergent headings, thus rendering it difficult to compare them except as to overall costs per parcel  
20 and in the aggregate. HBI provided a letter from Philip Garcia, formerly a senior appraiser  
21 specializing in business valuation, who opined based on a review of literature in the field that, in a  
22 normalized real estate market, the UCSA could increase property values by 5% to 15% for 80% of

23 <sup>2</sup> According to HBI, Tades has agreed to provide free electrical connections to five low-income lot owners, but only  
24 three have thus far been approved to receive this assistance.

25 <sup>3</sup> According to HBI, HBI sent letters to every Hillcrest Bay property owner asking whether they were low-income and in  
26 need of financial assistance. Owners requesting assistance were asked to confidentially provide the CPA with verification  
27 of low-income status. Although 28 owners representing 31 parcels responded to the first letter indicating low-income  
28 status, only 7 owners provided documentation to the CPA, with 4 of the 7 indicating that they did not want help. The  
remaining 3 owners were approved for financial assistance. HBI did not include a copy of the application form or a  
recitation of the criteria used to determine eligibility.

<sup>4</sup> The tables of cost estimates filed by HBI have formatting problems that obscure some information on the first cost  
estimate and eliminate some information on the second cost estimate. The Hearing Division has informed counsel for  
HBI that the cost estimates need to be re-filed with the formatting problems corrected.

the properties in Hillcrest Bay. HBI included a tabulation of the results of a petition mailed to 213 owners in July 2008, for which 193 responses were received, 127 in favor of the UCSA and 66 in opposition to the UCSA.<sup>5</sup> HBI included an updated property list showing ownership as of April 9, 2009, as provided by the La Paz County Recorder's Office. The updated property list appears to show that ownership has changed for Parcels 030, 142, 189A, 252, and 259A; that Parcels 023 and 024 have been combined into Parcel 024A; and that Parcels 039 and 040 have been combined into Parcel 040A. Finally, HBI stated that there are safety issues related to utility lines hanging over backyards and patios and that there are health issues related to large volumes of bird droppings from birds landing on overhead lines. HBI provided information from the Centers for Disease Control and Prevention concerning histoplasmosis and cryptococcosis, both of which are caused by inhaling the spores of fungi associated with the presence of bird droppings, and psittacosis, which is caused by inhaling dried secretions from birds infected with a particular bacterium. HBI also provided numerous photographs showing utility poles and lines and their proximity to homes in Hillcrest Bay. A number of the photos appear to show patios or decks constructed around utility poles.

Although the Updated Documentation filed by HBI does not comply in all respects with the requirements of the Procedural Order, it does provide sufficient new information to make it appropriate to hold an additional hearing specifically related to the issues of economic feasibility,<sup>6</sup> the current level of owner support for the UCSA, and the standard for Commission approval of the UCSA. It is also appropriate to require APS, Verizon, HBI, and Staff to file briefs, and to allow any other owner who desires to do so to file a brief, analyzing the following questions:

- Is it appropriate for the Commission to consider updated cost estimates in determining whether the cost of conversion is economically feasible, when A.R.S. § 40-346(A) specifically refers to economic feasibility based on the cost of conversion reflected in the joint report prepared pursuant to A.R.S. § 40-342? If so, why is it appropriate, and in what manner may the Commission use such updated cost estimates? If not, why

<sup>5</sup> HBI did not include the actual petitions with owner signatures, although the Procedural Order required submission of "a new petition listing each parcel, indicating whether the owner/s of each parcel support or oppose the UCSA, and including the dated signature of an owner of each parcel."

<sup>6</sup> As to economic feasibility, the Commission believes that evidence should be received as to changes in costs, changes in the utilities' and the owners' ability to pay the costs, and the benefits of the UCSA.

1 not?

- 2 • Is it appropriate for the Commission to consider withdrawals of signature and/or  
3 objections to the UCSA received later than January 8, 2008, in considering whether  
4 the standard for approval of the UCSA is met, when A.R.S. § 40-344(A) provides that  
5 an owner who desires to object or withdraw a signature supporting the UCSA shall file  
6 the objection/withdrawal no later than 10 days before the date set for hearing? If so,  
7 why is it appropriate, and in what manner may the Commission use such  
8 objections/withdrawals? If not, why not?
- 9 • What level of support for the UCSA is there currently among the owners, both as to  
10 number of parcels and as to square footage? How was that determined?
- 11 • If the current level of support is less than 60% for either number of parcels or square  
12 footage, can and should the Commission approve the UCSA anyway? If so, why? If  
13 not, why not?

14 It is also appropriate to require any owner who desires to participate as a party in the hearing  
15 in this matter, by providing evidence or participating in the cross-examination of witnesses, to file  
16 with Docket Control a notice stating that the owner desires to participate as a party at hearing.

17 It is also appropriate to require any party who intends to challenge the Commission's  
18 consideration of any owner comments, objections, or withdrawals of signature to call as a witness and  
19 arrange for the attendance at hearing of each owner whose comments, objection, or withdrawal of  
20 signature will be challenged, so that each such owner is available to testify as to the owner's position  
21 and to be cross-examined by the party.

22 It is also appropriate to require APS and Verizon to publish notice of the additional hearing in  
23 this matter in a newspaper published in the county and of general circulation within the Hillcrest Bay  
24 area, to post notice of the additional hearing in this matter in at least three different public locations  
25 within Hillcrest Bay, and to file with the Commission's Docket Control proof that notice has been  
26 published and is posted as required herein.

27 Finally, it is appropriate to require HBI to file with the Commission's Docket Control the  
28 actual petition responses, including dated owner signatures, for the petition commenced by HBI in

1 July 2008.

**IN THE MATTER OF ARIZONA PUBLIC SERVICE COMPANY AND**  
**VERIZON CALIFORNIA, INC.'S JOINT PETITION FOR THE**  
**ESTABLISHMENT OF AN UNDERGROUND CONVERSION SERVICE AREA**  
**(DOCKET NO. E-01345A-07-0663 ET AL.)**

On November 26, 2007, Arizona Public Service Company ("APS") and Verizon California, Inc. ("Verizon") filed with the Arizona Corporation Commission ("Commission") a joint petition to establish an underground conversion service area ("UCSA") in an area of La Paz County, Arizona, described in the joint petition as follows:

Hillcrest Bay Mobile Manor, a Subdivision of SE1/4 SE1/4 Section 14, T11N, R18W G&SRB&M, excluding Tract C & Lot #1, (that are located across the highway), La Paz County, Arizona.

Copies of the joint petition and the estimated underground conversion costs for each parcel included within the proposed UCSA are available from APS [insert address, telephone number, and e-mail address for contact regarding the joint petition] and from Verizon [insert address, telephone number, and e-mail address for contact regarding the joint petition] and on the internet via the Commission's website ([www.azcc.gov](http://www.azcc.gov)) using the e-Docket function and the docket number provided above.

The Commission held an evidentiary hearing regarding the joint petition in January 2008 and considered a Recommended Opinion and Order recommending denial of the UCSA at an Open Meeting in July 2008. Rather than denying the UCSA, however, the Commission determined that the evidentiary record in this case should be left open to allow for submission of additional information related to economic feasibility for the Hillcrest Bay property owners ("owners"). The Commission required that such information be filed by May 1, 2009. As additional information going to the issue of economic feasibility was timely filed, an additional hearing will now be held in this matter.

**The Commission will hold an additional hearing in this matter beginning on July 21, 2009, at 10:00 a.m.** in Hearing Room #1 at the Commission's offices at 1200 West Washington Street, Phoenix, Arizona. The hearing will be specifically limited to the issues of economic feasibility, with evidence to be received as to changes in costs, changes in the utilities' and owners' ability to pay the costs, and the benefits of the UCSA; the current level of owner support for the UCSA; and the standard for Commission approval of the UCSA. Public comments will be taken on the first day of hearing.

The law provides for an open public hearing at which, under appropriate circumstances, interested persons may participate. All owners of property within the proposed UCSA are considered to be parties to this matter and may appear at the hearing and be heard. Parties are entitled to present evidence at hearing and to cross-examine other witnesses.

**Any owner who desires to participate as a party in the hearing on July 21, 2009,** by providing evidence or participating in the cross-examination of witnesses, **shall file** with the Commission's Docket Control, 1200 West Washington, Phoenix, Arizona 85007, **by July 6, 2009, a notice** including the owner's full name, mailing address, telephone number, and signature; the address and/or parcel number for the owner's property within the proposed UCSA; the docket number listed above; and a statement that the owner

desires to participate as a party at hearing. **An individual owner may represent himself/herself at the hearing, but may not represent another owner at the hearing unless doing so complies with Arizona Supreme Court Rule 31 or 38, as applicable.**

**Any owner who desires to (1) withdraw the owner's signature** from the petition of owners requesting establishment of the UCSA, **(2) object to the establishment of the UCSA, or (3) object to the underground conversion costs** included in the joint report for the owner's parcel within the proposed UCSA **must file an objection/withdrawal of signature** with the Commission's Docket Control, 1200 West Washington, Phoenix, Arizona 85007, **by July 10, 2009**. Any objection/withdrawal shall include the owner's full name, mailing address, telephone number, and signature; the address and/or parcel number for the owner's property within the proposed UCSA; the docket number provided above; and a short explanation of what the owner wishes to do (withdraw signature or object) and why. The Commission will determine the legal effect of these withdrawals/objections after the hearing in this case.

**Any owner who is not able to attend the hearing and who wishes to file a statement indicating the owner's position on the joint petition may file a written statement** with the Commission's Docket Control, 1200 West Washington, Phoenix, Arizona 85007, **by July 10, 2009**. Any such statement shall include the owner's full name, mailing address, telephone number, and signature; the address and/or parcel number for the owner's property within the proposed UCSA; the docket number listed above; and a short statement explaining the owner's position on the joint petition.

The Commission does not discriminate on the basis of disability in admission to its hearings. An individual with a disability may request a reasonable accommodation such as a sign language interpreter and may request this document in an alternative format by contacting the Commission's ADA Coordinator, Shaylin Bernal, by e-mail at [sabernal@azcc.gov](mailto:sabernal@azcc.gov) or by voice phone number at (602) 542-3931. A request should be made as early as possible to allow time to arrange for the accommodation.

If you have any questions about the joint petition, you may contact the Utilities Division's Consumer Services Section by telephone at (602) 542-4251 or (800) 222-7000.

IT IS FURTHER ORDERED that APS and Verizon, jointly or severally, **shall file** with the Commission's Docket Control, **by June 29, 2009, proof** that notice has been published and is posted in at least three public locations within the proposed UCSA.

IT IS FURTHER ORDERED that **HBI shall file** with the Commission's Docket Control, **by June 8, 2009, the actual petition responses**, including dated owner signatures, for the petition commenced by HBI in July 2008.

IT IS FURTHER ORDERED that the parties must comply with Rules 31 and 38 of the Rules of the Arizona Supreme Court and A.R.S. § 40-243 with respect to the practice of law and admission *pro hac vice*.

IT IS FURTHER ORDERED that withdrawal of representation must be made in compliance with A.A.C. R14-3-104(E) and Rule 1.16 of the Rules of Professional Conduct (under Rule 42 of the Rules of the Arizona Supreme Court). Representation before the Commission includes appearing at all hearings, procedural conferences, and Open Meetings at which the matter is scheduled for discussion, unless counsel has previously been granted permission to withdraw by the Administrative Law Judge or the Commission.

IT IS FURTHER ORDERED that the Ex Parte Rule (A.A.C. R14-3-113—Unauthorized Communications) applies to this proceeding and shall remain in effect until the Commission's Decision in this matter is final and non-appealable.

IT IS FURTHER ORDERED that the Administrative Law Judge may rescind, alter, amend, or waive any portion of this Procedural Order either by subsequent Procedural Order or by ruling at hearing.

DATED this 11<sup>th</sup> day of May, 2009.
